Dear Family,

another week gone by. The time really flies up here. We haven't done anything exciting up here this week, but our precinct had an exchange dinner ~~up~~ this week. ~~the~~ We had about twenty five girls as guests from various cooperative houses. I had a rather nice Michigan Miss from upstate. It was pouring rain so we hired ~~a~~ taxis to take the girls home. A very enjoyable evening in all. I had to do some homework afterwards. It was hard to get settled down to it. It was a lot of fun, however. (not the homework)

Last night Charlie, and couple of other fellows and I went to Lansing to the theater. We saw "Underground" and "That Uncertain Feeling". Both ^{were} good pictures.

We went to a soda bar and home.

About this Thanksgiving business, I will come home. I think I may be able to get a ride from a couple of students who live around Buffalo. If not I will come home by bus or train depending on prices.

P.S.

Went to a dog show this afternoon. We saw all kinds of dogs, but I think the people I found ~~the~~ interesting. They had had several dogs there that looked like the Jigger dog. They had an extremely solemn looking English Bull that had a close resemblance to its master.

Write soon.
