

Sunday Evening

Dear Family

have been very busy this week; the work schedule is very heavy here and my subjects keep me tied down. I have to study from six to seven hours every day, outside of classes.

I find math ~~very~~ difficult and am forced to spend a great deal of time at it.

However, Chuck and I took time out, Saturday afternoon, to go canoeing. We rented a boat from the school for \$25 an hour. It was a beautiful afternoon, cool and clear. We went up the Red Cedar river for about a mile and a half. The river is only about 70 ft wide and very slow moving. The college woods come right up to the river and are ~~very~~ colorful at this time of the year.

There are a lot of ducks in the river, so Charlie and I tried to catch some of them, but they were too fast for us.

Which reminds me, last week we ate the squirrels Charlie skinned and they were very good, even if they were a little muscular.

Saturday night we went to the theater and saw "Man Power." It just got to Lansing, but we enjoyed it.

This afternoon "Bud Bell's College Band" was practicing in our lower lounge. So we went down to watch them jive for a little while.

I was surprised to hear that we are buying a place. I hope it has a good comfortable cubby hole for me to live into.

I was sorry to hear about Ma. Simmie's death. It was certainly a tough break for their family.

By the way my laundry hasn't arrived yet. I wondered whether you had sent it or if it is delayed in the mail. If you sent before Wed 22<sup>nd</sup> please drop me a post card so that I can check up at the post office. Sometimes things get delayed there.

Well I've got to get at some home work so I'll sign off now

P.S. A little late but I wish you a happy birthday Mother.
